

ZSL London Zoo

Get closer to some of the hairiest, scariest, tallest and smallest animals at London Zoo!

اقترّب من بعض أكثر الحيوانات شعرا ، رعبا ، كبرا و صغرا في حديقة لندن للحيوانات.

The ZSL London Zoo has two brand new exhibits – "Gorilla Kingdom" brings Central Africa to the heart of London and "Clore Rainforest Lookout" brings the South American rainforest to life, with an amazing collection of birds, monkeys and forest mammals in a lush tropical setting.

Into Africa

Go eye-to-eye with giraffes at feeding time on the new viewing platform, and see the African hunting dogs up close through a wide glass viewing area.

Meet the Monkeys

A walk-through squirrel monkey forest where the cheeky monkeys jump and play as you walk right into their habitat.

African Bird Safari

A tranquil wetland walk-through around a clear stream and high trees, where many species of African birds have made their nests.

Children's Zoo

Meet your favourite farm animals like cows, sheep, pigs, goats and chickens in this hands-on petting zoo, alongside some less common animal species like llamas and alpacas.
